Dear Parent/Carer/Student

End of Year Messages – Y11 students

As we approach the end of a busy and very successful UTC year, we would like to wish you well for the future and remind you that as a former UTC student (Alumni) we will always be here to help and support you. We would be pleased to hear how you are doing – please do share future news with us: admin@utcshffield.org.uk.

You should by now have received an email invitation to the Baker Dearing Alumni Hub where you can update your destination information (this email would have been sent to your school email address). If you have not yet signed up to the platform, please follow the link to sign in: <https://hub.utchub.com/sign-up>. If you have signed up and need to update your information please go to: <https://hub.utchub.com/login>

Results Day Thursday 22 August 2019

We will be open from 9.00 am to 3.00 pm for the collection of results and advice about Post-16 at the UTC. Members of staff will be available to offer guidance and support regarding what options are available to you.

Students returning to Year 12

The Y12 induction day is **Friday 30 August 2019 from 08.30 am**. This is when you will receive your timetable, meet your peers and find out more regarding your courses.

The new academic year begins on **Wednesday 4 September 2019 at 8.30 am**. Full business dress is required please.

Bring Your Own Device (BYOD)

To enhance a student's learning and allow for self-directed study, students returning to Post-16 at UTC are reminded that a personal device (Tablet/Laptop) is essential. Students should ensure that the device is capable of generating documents for coursework, these include Word / Excel / Powerpoint. Specialist software packages are available in the building, so capability to run these packages is not a necessity. Students bringing their own devices, will allow them to meet deadlines for Post-16 coursework in a timely fashion, by maximising their ability to work around the building. If your child qualifies for FSM, then please get in touch and the UTC will ensure that a suitable device can be utilised at set times, where required around the building. Please note a phone is not considered a suitable device.
