

ARE/JWA

25 March 2020

Dear Students and Parent/Carer

Thank you again for applying to join the UTC in September 2020. In these unprecedented times we just wanted to send our best wishes to you and your families.

We had planned to host several events for our new intakes this year but with the current situation we realise this may be challenging. As soon as our situation changes we will be in touch with plans to help your transition to joining us in September 2020.

As you may be aware our latest OFSTED report was published on 17 March 2020 which reinforces the quality of education provided by the UTC.

<https://files.ofsted.gov.uk/v1/file/50149110>. We are immensely proud of our students and staff for this success and we continue to look forward to even greater success in the future when you join us.

The UTC is also pleased to announce it has been successful in a bid to the Sheffield City Region Growth Fund for a project worth approximately a million pounds to support advanced skills development in automation, composites and machining. We have already spent over £300,000 of this money in updating our 'Mini-Factory' where a new automated centre for mobile phone manufacturing can now be used as a teaching tool to support our students. Further equipment will be installed in the near future.

Please continue to check our website for all the latest news. As soon as we know any information regarding the awarding of grades this summer we will send out more information.

If you are still hoping to join our Y12 next year it is vital that you send us your option choices so we can ensure we build a timetable to accommodate your subjects. Please find attached the option form, in case you have not already had one.

Similarly if you are planning on joining us in Y9, please can you email admin@utcsheffield.org.uk and confirm your acceptance of our offer.

Stay safe, think positive and we'll see you in September 2020.

Kind regards,

Alex Reynolds
Principal
